Zion's Women's Ministries exist for women to help one another grow in knowledge, character, faith, doctrine and service. Because we are a sisterhood in Christ, we include all women who join with us. We care about one another.

Our nurturing, relational strengths grow out of our helper design. That design equips us to demonstrate community and to be channels of compassion. We want to minister by teaching, serving and helping one another, and then reaching out to others around us.

We want to see each woman move toward completeness in Christ, to feel welcome, and to be challenged to live a more godly life. All women will not express their design in the same way, for we are free in Christ to be creative in our practice of community and compassion according to our gifts, abilities, and circumstances. Our vision is to be, by God's grace, one in Christ in holy community as lights in a dark world.

Four large yearly events include women of all ages in teaching, worshiping as a community, prayer and fellowship.

Women's Retreat

All women are invited and encouraged to go to the yearly Women's Retreat. Here either we will go to a center and

spend a couple of days with a speaker, taking the time to fellowship together in small groups

and in corporate worship, or, spend a Saturday at Zion Church in workshops groups and corporate worship. And, of course, at every retreat there will be plenty of time for snacking and talking!

friends to enjoy the special evening out.

Summer Service Project

Join the Zion women as they gather together for light snacks and a time to reach out to others. This project is for all women. We will gather together to assemble items for a specific ministry in our church, our community, our country or our world. This project varies from year to year, but all hands are needed. Beginning with prayer and worship, we will pull together items to bless another ministry or group, whether it is something like City Impact, a deployed service group, a missions group, or even our own neighborhood or that of one of our sister churches. The opportunity to work side-by-side, ministering to others, is something you don't want to miss.

2009 Date: June 20.

The purpose of the Zion Women's Ministry is to be a Christ-centered community. By the grace of God, our focus is to embrace one another as sisters in Christ so each woman will know Christ personally and be committed to extending His kingdom in her life, home, church, community, and throughout the world.
